COMPOSITION:

Each effervescent tablet contains:

	Quantity	% RDA
Ascorbic acid	1000 mg	1667

PHARMACOLOGICAL CLASSIFICATION:

A 32.2 Other. Complementary medicine – Nutritional

WHY USE FIZZ-C 1000?

Vitamin C, also known as ascorbic acid, is a water-soluble compound which cannot be stored in the body, so regular intake is essential. Vitamin C plays a role in maintaining healthy gums, skin and connective tissue as well as the absorption of iron from food. It functions as a tissue antioxidant thereby keeping cells healthy and therefore supports a healthy immune system.

Fizz-C 1000 effervescent tablets are a great tasting orange flavoured fizzy drink that contains 1000 mg ascorbic acid per tablet. Taken daily it will supplement the body's daily Vitamin C requirements and keeps the immune system at its peak.

INDICATIONS:

FIZZ-C 1000 is indicated for:

- Daily vitamin C supplementation.
- Diseases associated with vitamin C deficiencies.

CONTRA-INDICATIONS:

Known hypersensitivity to any of the ingredients.

WARNINGS:

Nutritional supplements should not replace a balanced diet.
