Unscheduled

PROPRIETARY NAME (AND DOSAGE FORM):**HANGOVER IN CONTROL****(CAPSULES)**

Warning : Consumption of alcohol can lead to impaired concentration, low blood sugar, gastrointestinal disturbances and dehydration. Long term use and abuse of alcohol can lead to liver damage and alcohol dependency.

COMPOSITION:

Each capsule of **HANGOVER IN CONTROL** contains the following ingredients: Panax Ginseng Root, Peppermint Oil, Peppermint Herb, Red Clover, Rosemary, Spices (Ginger and Cinnamon), Apple Extract and Cranberry Extract.

PHARMACOLOGICAL CLASSIFICATION:

A 34. Other

PHARMACOLOGICAL ACTION:

HANGOVER IN CONTROL is a blend of the following herbs that have been shown to have the following actions:

Panax Ginseng Root is a nourishing adaptogen that is useful in the alleviation of alcohol intoxication as it increases the breakdown of alcohol.

Peppermint Herb and Oil is commonly used to soothe the gastrointestinal tract by relaxing the muscles in the intestinal wall. It has also been shown to improve appetite, relieve cramps, and reduce nausea or motion sickness.

Red Clover reduces stomach cramps and helps remove the toxic byproducts of alcohol.

Rosemary is a restorative herb that relaxes spasms while stimulating the liver and gall bladder.

Ginger is popularly used as natural remedy for nausea.

Cinnamon reduces diarrhoea and other symptoms of an upset stomach.

Apple extract assists in regulating blood sugar.

Cranberry extract cleanses the urinary system.

INDICATIONS:

Hangovers (nausea, vomiting, headache, anxiety, irritability, diarrhoea, tremors and sweating).

CONTRA-INDICATIONS:

HANGOVER IN CONTROL is contra-indicated in persons with known hypersensitivity to any component of the product.
